## RESTAURANTS

For the best local restaurants, we suggest you go to Franschhoek, approximately a 15-minute drive by turning right out of Pearl Valley. Franschhoek is notable for having some of the top restaurants in the country within its borders. This fact, together with the strong wine culture and pristine natural and architectural beauty, has made Franschhoek into what many describe as the "food and wine capital" of South Africa, attracting visitors from all over the world.

The restaurants in Franschhoek are generally very busy. To make sure that you get a table we strongly recommend that you make a reservation in advance. Most restaurants have online reservations available on their respective websites.
